Intended Outcome

Every company is headed by a board, which assumes responsibility for the company's leadership and is collectively responsible for meeting the objectives and goals of the company.

Practice 1.1

The board should set the company's strategic aims, ensure that the necessary resources are in place for the company to meet its objectives and review management performance. The board should set the company's values and standards, and ensure that its obligations to its shareholders and other stakeholders are understood and met.

Application	:	Applied
Explanation on application of the practice	:	The Board has the overall responsibility for the proper conduct of the Company's business in achieving the objectives and long term goals of the Company. The Board is guided by the prevailing legal and regulatory requirements as well as the Company's policies in discharging its fiduciary duties and responsibilities. Each of the Directors is aware of the obligation to exercise unfettered judgement, in good faith with due care and skill. As at 31 December 2019, the Board has nine members, comprising two Executive Directors and seven Independent Non-Executive Directors. This composition fulfils the requirements mandated by the Main Market Listing Requirements ("MMLR") of Bursa Malaysia Securities Berhad ("Bursa Securities") which stipulate that at least two Directors or one-third of the Board, whichever is higher, must be independent. The Directors have wide ranging qualifications, skills, knowledge, expertise and experience, with details of their profile as disclosed in the Annual Report. The Directors observe the Company Directors' Code of Ethics established by the Companies Commission of Malaysia ("CCM") which can be viewed from the Company's website at www.gentingmalaysia.com. The Board meets on a quarterly basis and additionally as required from time to time to consider urgent proposals or matters that require the Board's decision. Practice 1.3

The positions of Chairman and CEO are held by different individuals.

Application	:	Departure
Explanation on application of the practice	:	N/A
Explanation for departure	:	The Board is mindful of the dual role of Chairman and Chief Executive held by Tan Sri Lim Kok Thay and is of the view that there are sufficient experienced and independent-minded Directors on the Board to provide sufficient checks and balances. Given that there are seven experienced Independent Directors representing more than 50% of the Board, the Board collectively would be able to function independently of management. This allows for effective oversight of the management as well as to support objective and independent deliberation, review and decision making. Having joined the Board in 1988, Tan Sri Lim Kok Thay has considerable experience in the Group's businesses and provides leadership to the Board in considering and setting the overall strategies and objectives of the Company. The Board is of the view that it is in the interest of the Company to maintain the above arrangement so that the Board could have the benefit of a chairman who is highly knowledgeable about the businesses of the Group, the territories globally in which the Group operates in, sets the overall strategies, conceptualises plans and leads the execution of all major development projects and investments, capable of guiding discussions at Board meetings and who is able to brief the Board in a timely manner on key issues and developments that may directly or indirectly affect any of the businesses of the Group. The Chairman commenced employment with the Company on 1 September 1989 as Deputy Managing Director at the age of 38. He was subsequently promoted to Managing Director on 12 April 1999. He was appointed as the President and Chief Executive of the Company on 27 November 2002, before he assumed the position of Chairman of the Company and redesignated as Chairman, President and Chief Executive of the Company on 1 January 2004 upon the retirement of his late father, the founder, Tan Sri Lim Goh Tong. Subsequently, the Chairman was

	redesignated as the Chairman and Chief Executive of the Company on 8 October 2006. The Chairman is a beneficiary of discretionary trusts and is deemed interested in the ordinary shares representing approximately 49.5% voting interest in the Company, details as disclosed under Register of Substantial Shareholders in the Annual Report 2019.	
<i>Large companies are required to complete the columns below. Non-large companies are encouraged to complete the columns below.</i>		
Measure	:	In the annual board assessment conducted, the role of the Chairman was also assessed in terms of his ability to lead the board effectively, encourage contribution and participation from all members, effectiveness in chairing the general meeting and able to answer queries satisfactorily. The strong score rating awarded by the Directors in connection with the annual assessment of the Chairman’s role provided the necessary measure and justification that Tan Sri Lim Kok Thay understands the two separate roles and is able to distinctly carry out such roles and responsibilities required of him in achieving the intended outcome of ensuring that the Company is headed by a Board, which assumes responsibility for the Company’s leadership and is collectively responsible for meeting the objectives and goals of the Company. The Independent Non-Executive Directors, who form the majority of Board members, provide checks and balances and play a role to ensure a clear separation between the policy-making process and day-to-day management of the Group’s businesses. From time to time, the Board takes measures to evaluate the appropriateness of the dual role of the Chairman and Chief Executive being performed by the same individual and ensures that this arrangement continues to be in the interests of the Company and its shareholders as a whole.
Timeframe	:	10 years

Intended Outcome

Every company is headed by a board, which assumes responsibility for the company's leadership and is collectively responsible for meeting the objectives and goals of the company.

Practice 1.4

The board is supported by a suitably qualified and competent Company Secretary to provide sound governance advice, ensure adherence to rules and procedures, and advocate adoption of corporate governance best practices.

Application	:	Applied
Explanation on application of the practice	:	The Company Secretary, who is an Associate member of The Malaysian Institute of Chartered Secretaries and Administrators ("MAICSA"), satisfies the qualification as prescribed under Section 235(2) of the Companies Act 2016 and has the requisite experience and competency in company secretarial services. The Company Secretary advises the Board on its roles and responsibilities and keeps the Board updated on matters relating to new statutory and regulatory requirements and corporate governance and promptly disseminates communications received from the relevant regulatory/governmental authorities. The Company Secretary assists in the training and development of Directors by providing them with relevant training programmes organised by external training providers. The Company Secretary organises and attends all Board and Board Committee meetings and is responsible to ensure that these meetings are properly convened and accurate and proper records of the proceedings and resolutions passed are taken and maintained at the Registered Office of the Company. As a Group practice, any Director who wishes to seek independent professional advice in the course of discharging his duties may do so at the Group's expense. The Directors may convey their request to key senior management or the Company Secretary. Directors have access to all information and records of the Company and also the advice and services of the Company Secretary. Every quarter, the Company Secretary would send a memo to the Directors and affected persons on the closed period dealing and process and procedure to aid them in complying with the MMLR. The Secretary would facilitate the orientation of new Directors by arranging the Management to meet and brief the new Directors with relevant information about the Group including the Group's structure and business updates. New Directors are also encouraged to undertake site visits and to meet with key

	senior executives. As an Associate member of MAICSA, the Company Secretary is required to attend at least 20 hours of Continuing Professional Development as part of the training development programme. In addition, the Company Secretary also attends trainings to keep herself abreast with the latest developments in corporate and securities law, listing rules and corporate governance.

Materials for Board meetings are uploaded onto a secured website, which can be accessed by the Directors via their i-pads or lap-tops at their convenience by using a personal password. Practice 4.2

The tenure of an independent director does not exceed a cumulative term limit of nine years. Upon completion of the nine years, an independent director may continue to serve on the board as a non-independent director.

If the board intends to retain an independent director beyond nine years, it should justify and seek annual shareholders' approval. If the board continues to retain the independent director after the twelfth year, the board should seek annual shareholders' approval through a two-tier voting process.

Application	:	Departure
Explanation on application of the practice	:	N/A
Explanation for departure	:	The Board noted that the tenure of an independent director should not exceed a cumulative term of nine years. The Board is of the view that the ability of long serving independent directors to remain independent and to discharge their duties with integrity and competency should not be measured solely by tenure of service. Their long service should not affect their independence as they are independent-minded and they continue to provide the necessary checks and balances in the best interest of the Company. The Independent Directors have each provided an undertaking to Bursa Securities since their appointment confirming and declaring that they are "independent directors" as defined under paragraph 1.01 of the MMLR of Bursa Securities. The Board agreed that ultimately the Independent Directors themselves are the best persons to determine whether they can continue to bring independent and objective judgement to Board deliberations. In relation to the criteria to assess independence of directors, the Board had adopted the same criteria used in the definition of "independent directors" prescribed by the MMLR. Accordingly, Tan Sri Datuk Clifford Francis Herbert, Gen. Dato' Seri DiRaja Tan Sri (Dr.) Mohd Zahidi bin Hj. Zainuddin (R), Mr Quah Chek Tin and Mr Teo Eng Siong who have been Independent Non-Executive Directors of the Company since 27 June 2002, 4 August 2005, 8 October 2008 and 25 February 2010 respectively, will continue to be Independent Directors of the Company, notwithstanding having served as independent directors on the Board for more than nine years. They are distinguished and well known figures in their field of expertise and being conversant with the Group's businesses, they bring valuable insights and contributions to the Board.

	For the financial year ended 31 December 2019, each of the Independent Non-Executive Directors had provided their annual confirmations of independence to the Board based on the Company's criteria of assessing independence in line with the definition of "independent directors" prescribed by the MMLR. The Board had assessed and concluded that the seven Independent Non-Executive Directors of the Company, namely Tan Sri Dato' Seri Alwi Jantan, Tan Sri Datuk Clifford Francis Herbert, Mr Quah Chek Tin, Gen. Dato' Seri DiRaja Tan Sri (Dr.) Mohd Zahidi bin Hj. Zainuddin (R), Mr Teo Eng Siong, Dato' Koh Hong Sun and Madam Chong Kwai Ying continue to demonstrate conduct and behaviour that are essential indicators of independence, and that each of them is independent of the Company's management and free from any business or other relationship which could interfere with the exercise of independent judgement or the ability to act in the best interest of the Company.
<i>Large companies are required to complete the columns below. Non-large companies are encouraged to complete the columns below.</i>	
Measure	: Each Independent Director has undertaken to notify the Board of any changes in their circumstances or of any new interest or relationship that would affect their independence as an independent director of the Company. The Board will promptly consider that new information in reassessing the Director's independence in the interests of the Company and its shareholders as a whole. In addition to the annual confirmation mentioned above from the Independent Non-Executive Directors, all the Directors are required to confirm on an annual basis if they have any family relationship with any other Director and/or major shareholders of the Company, if there are any conflict of interests with the Company and if they have been convicted of any offence within the past five years other than traffic offences, and any public sanction or penalty imposed by the relevant regulatory bodies during the financial year. These information, together with the annual evaluation and assessment of each Director during the financial year, form the basis and justification for recommending whether the retiring Director should be nominated for re-election at the Annual General Meeting. The Independent Non-Executive Directors serving more than nine years are persons with high caliber and their vast knowledge and experience contribute positively to the growth of the Group. If the Board, including Independent Non-Executive Directors serving more than nine years, is able to continuously give their best efforts by using their expertise and skills to contribute positively towards the stewardship of the Company to attain greater heights, they should remain as Independent Non-

	Executive Directors of the Company as the intended outcome is achieved as they are able to make objective decision, in the best interest of the Group taking into account diverse perspectives and insights.	
Timeframe	:	10 years

Board decisions are made objectively in the best interests of the company taking into account diverse perspectives and insights.

In addition, the Group believes it is of utmost importance that the Board and senior management is composed of the best-qualified individuals who possess the requisite knowledge, experience, independence, foresight and good judgement to ensure that the Board functions effectively and is able to discharge its duties in the best interests of the Company and shareholders. Towards its support for the Malaysian Code on Corporate Governance on gender diversity for Board and senior management, the Company has taken the necessary action to appoint a female director to its Board as disclosed in Practice 4.5. The Board currently comprises nine male Directors and one female Director. The racial composition of the Board is 20% Malay, 70% Chinese and 10% Eurasian. 10% of the Directors are between the ages of 30 and 55 and the remaining 90% are above 55 years old.

Practice 4.6

In identifying candidates for appointment of directors, the board does not solely rely on recommendations from existing board members, management or major shareholders. The board utilises independent sources to identify suitably qualified candidates.

Application	:	Departure
Explanation on application of the practice	:	N/A
Explanation for departure	:	As part of the Board's succession planning, the Nomination Committee has put in place a board nomination and election process whereby it undertakes an annual review to assess and consider the needs, amongst others, the size and competency of the Board, mix of skills and expertise, diversity and the balance between executive, non-executive and independent directors. The Board together with the senior management continuously search for suitable candidates to fulfil such position from various sources, including independent sources if relevant. The Nomination Committee would assess their suitability based on a prescribed set of criteria as set out in the Terms of Reference of the Nomination Committee and any additional criteria as identified by the Nomination Committee from time to time. Potential candidates are required to declare and confirm in writing, amongst others, his/her current directorships, that he/she is not an undischarged bankrupt, or is involved in any court proceedings in connection with the promotion, formation or management of a corporation or involving fraud or dishonesty punishable on conviction with imprisonment or is subject to any investigation by any regulatory authorities under any legislation. Further, candidates being considered for the position of independent directors are required to declare and confirm their independence based on the criteria set out in the MMLR of Bursa Securities. Management would assist new Directors to familiarise themselves with the Group's structure and businesses by providing the Directors with relevant information about the Group. New Directors are also encouraged to undertake site visits and to meet with key senior executives. The Board and senior management of the Company would have a better understanding of the board candidatures, taking into account factors, amongst others, qualification, skills, experience and personal attributes of the new directors for the industry in which it operates in and is subjected to fit and proper licensing

	requirements by the relevant regulators.	
	The Board did not utilise independent sources to identify suitably qualified candidates as the management understands the specialised industry it operates in. Through its own network and bearing in mind the highly regulated industry in which the Company operates in, the management would be in the best position to look for potential candidates with background which fits the criteria requirements.	
Large companies are required to complete the columns below. Non-large companies are encouraged to complete the columns below.		
Measure	:	In line with the recommendation of the Malaysian Code on Corporate Governance, apart from referrals from Directors, major shareholders and management, the Board is open to utilising independent sources to identify suitably qualified candidates, where necessary.

Intended Outcome

Board decisions are made objectively in the best interests of the company taking into account diverse perspectives and insights.
