**GENTING MALAYSIA BERHAD
ANNOUNCES FINANCIAL RESULTS
FOR THE FIRST QUARTER ENDED 31 MARCH 2010**

Revenue for first quarter increased by 14% to RM1,345.2 million.

KUALA LUMPUR, 27 MAY 2010 – Genting Malaysia Berhad (“Genting Malaysia” or the “Group”), formerly known as Resorts World Bhd, today announced that its revenue for the first quarter 2010 (“1Q10”), increased by 14% to RM1,345.2 million, from RM1,178.1 million in the preceding year. The increase in revenue was driven mainly by the better underlying performance of the leisure and hospitality business, arising primarily from overall higher volume of business and better luck factor of the premium players.

The Group recorded a net profit of RM272.3 million for 1Q10, a 1% decrease over the same period in 2009. The decrease in net profit is attributable mainly to an impairment loss of RM108.0 million from one of the Group’s available-for-sale financial assets (“AFS”), offset by the overall higher volume of business and better luck factor in the premium players business. Included in the same quarter last year was an impairment loss of RM30.4 million relating to the Group’s investment in AFS. Excluding these impairments losses, net profit for 1Q10 would have increased by 24% reflecting the strong performance of the leisure and hospitality business.

The Group’s performance this quarter has been satisfactory as a result of its continuous strong efforts to emphasise yield management to attract visitations to Resorts World Genting. Whilst the outlook for the leisure and hospitality industry remains positive, increasing regional competition is expected to have an impact on the performance of the Group for the remaining period of the year. Nevertheless, the Group will closely monitor its business activities and implement innovative strategies to deal with the strong competition.

A summary table of the results is attached below.
