Level 3: Inputs for the assets or liabilities that are not based on observable market data (that is, unobservable inputs).

As at 31 March 2022, the Group's financial instruments measured and recognised at fair value on a recurring basis are as follows:

1) Review of Performance (Cont'd)

a) Quarter ended 31 March 2022 ("1Q 2022") compared with quarter ended 31 March 2021 ("1Q 2021")

The Group's revenue in 1Q 2022 was RM1,721.3 million, almost three times of the level reported in 1Q 2021. The increase in revenue for this quarter was mainly due to:

1. higher revenue from the leisure and hospitality business in Malaysia by RM621.0 million or more than three times of the level reported in 1Q 2021, mainly due to higher business volume from the gaming and non-gaming segments as a result of the easing of travel restrictions during 1Q 2022. Revenue for 1Q 2021 was impacted by the temporary closure of Resorts World Genting ("RWG") for almost 1 month followed by the re-imposition of travel restrictions across the country caused by the adverse impact of COVID-19 pandemic;

2. higher revenue from the leisure and hospitality businesses in the United Kingdom ("UK") and Egypt by RM355.1 million from RM40.2 million to RM395.3 million, mainly due to the nationwide lockdown in the UK with effect from early January 2021 as a result of COVID-19 pandemic, where all the land-based casinos and resort operations were temporarily closed during 1Q 2021. The Group's land-based casinos in the UK have re-opened since mid-May 2021; and

3. higher revenue from the leisure and hospitality businesses in the United States of America ("US") and Bahamas by RM101.6 million or 40%, mainly due to the strong operating performance from Resorts World New York City ("RWNYC") since the full lifting of COVID-19 restrictions in June 2021. In 1Q 2021, RWNYC operated with limited operating hours in compliance with a government directive.

The Group reported adjusted EBITDA of RM414.4 million in 1Q 2022 as compared to adjusted LBITDA of with RM110.4 million in 1Q 2021, mainly due to:

1. adjusted EBITDA of RM262.9 million from the leisure and hospitality business in Malaysia compared with an adjusted LBITDA of RM83.6 million in 1Q 2021, mainly due to the higher revenue and higher debts recovery; and

2. adjusted EBITDA of RM84.7 million from the leisure and hospitality businesses in the UK and Egypt compared with an adjusted LBITDA of RM51.7 million in 1Q 2021. This was primarily due to higher revenue offset by higher payroll and related costs following the resumption of its operations since mid-May 2021.

The Group reported loss before taxation of RM116.1 million in 1Q 2022 compared with RM559.7 million in 1Q 2021, lower by 79%, mainly due to:

1. higher adjusted EBITDA as mentioned above; offset by

2. higher finance costs by RM87.5 million mainly due to higher average outstanding borrowings as well as finance costs incurred on certain qualifying projects which were completed during the period and are no longer capitalised.

2) Material Changes in Loss before Taxation for the Current Quarter ("1Q 2022") compared with Profit before Taxation for the Immediate Preceding Quarter ("4Q 2021")

The Group reported loss before taxation of RM116.1 million compared with profit before taxation of RM162.2 million in 4Q 2021, mainly due to:

1. lower adjusted EBITDA from the leisure and hospitality business in Malaysia by RM95.2 million mainly due to lower revenue as a result of lower hold percentage in the mid to premium players segments. This was mitigated by higher non-gaming revenue during 1Q 2022. The Group also reported higher payroll and related costs following the opening of Genting SkyWorlds and the increase in RWG's operating capacity in 1Q 2022;

2. lower adjusted EBITDA from the property segment by RM95.2 million due to the gain on disposal of land during 4Q 2021;

2) *Material Changes in Loss before Taxation for the Current Quarter ("1Q 2022") compared with Profit before Taxation for the Immediate Preceding Quarter ("4Q 2021") (Cont'd)*

The Group reported loss before taxation of RM116.1 million compared with profit before taxation of RM162.2 million in 4Q 2021, mainly due to (Cont'd):

3. lower adjusted EBITDA from the leisure and hospitality businesses in the UK and Egypt by RM94.1 million. This was primarily attributable to the recognition of RM109.4 million during 4Q 2021 in relation to the Group's recovery of value added taxes paid in prior years on income from gaming machines following the establishment of a legal precedent;

4. recognition of gain on disposal of subsidiaries involved in the live online gaming solutions in 4Q 2021 of RM119.8 million; mitigated by

5. recognition of impairment losses of RM209.4 million in 4Q 2021 mainly relating to the assets of Resorts World Bimini.

3) *Prospects*

The growth of the global economy is expected to be challenging due to disruptions caused by geopolitical tensions, prolonged supply chain issues and inflationary pressures. Whilst economic recovery in Malaysia is expected to remain intact as the country transitions to the endemic phase of COVID-19, the challenges to the global economic environment could pose downside risks.

International tourism is expected to continue its gradual recovery although weakening economic sentiments may delay the return of confidence in global travel. Nevertheless, the progressive reopening of borders and continued easing of COVID-19 restrictions will improve optimism surrounding the tourism, leisure and hospitality industries, including the regional gaming sector.

Therefore, the Group is positive on the longer-term outlook of the leisure and hospitality industry.

In Malaysia, the Group will continue to focus on ramping up operations at RWG following further relaxation of COVID-19 restrictions in the country and the reopening of national borders since 1 April 2022. In view of the increasing visitor turnout at the resort, the Group will also place emphasis on maximising yield contributions by intensifying database analytics and targeted marketing efforts to grow key business segments. At the same time, the Group will continue to enhance overall operational efficiencies and service delivery to elevate the quality of guest experience at RWG.

In the UK, sustainability of the Group's recovery momentum remains as the Group's main priority on the back of the lifting of all COVID-19 travel restrictions in the country. While the Group is mindful of the challenges implicit in the current operating environment, the Group is confident that the operational improvements implemented in previous years, including enhancements to customer proposition and optimisation of the Group's cost structure, will position the Group well for the year ahead.

In the US, the Group's operations continue to be resilient and the Group remains focused on reinforcing its position as the leading gaming operator in the northeast US region amid an increasingly competitive landscape. Marketing efforts will be intensified to grow the Group's US customer database, whilst leveraging RWNYC's latest improved facilities and Empire's expanded product offerings to drive business volume and overall returns on the Group's US operations. Meanwhile, the development of Resorts World Hudson Valley, a new video gaming machine facility located in Orange County, New York is progressing well, and emphasis continues to be placed on its timely completion. In the Bahamas, the Group will continue executing various cross-marketing initiatives, in addition to capitalising on the various world-class amenities available at the resort, to drive visitation and spend at Resorts World Bimini.

PRESS RELEASE **For Immediate Release**

GENTING MALAYSIA BERHAD ANNOUNCES RESULTS FOR THE FIRST QUARTER 31 MARCH 2022

- **Recovery momentum of Group's operations worldwide on firm footing**
- **Group is positive on the longer-term outlook of the leisure and hospitality industry**

KUALA LUMPUR, 26 May 2022 – Genting Malaysia Berhad (Group) today announced its financial results for the first quarter ended 31 March 2022 (1Q22).

The Group recorded total revenue of RM1,721.3 million, almost three times of the level reported in the same quarter last year (1Q21). The Group also registered adjusted earnings before interest, taxation, depreciation and amortisation (EBITDA) of RM414.4 million, as compared to an adjusted loss before interest, taxation, depreciation and amortisation (LBITDA) of RM110.4 million in 1Q21. The Group's loss before taxation was lower by 79% to RM116.1 million after taking into consideration depreciation and amortisation, finance costs and the Group's share of results in an associate. Net loss narrowed by 70% to RM147.9 million.

In Malaysia, revenue from the Group's leisure and hospitality business more than tripled to RM920.0 million, and the Group recorded adjusted EBITDA of RM262.9 million as compared to an adjusted LBITDA of RM83.6 million in 1Q21. The improvements were primarily due to overall higher volume of business at Resorts World Genting (RWG) as a result of the eased travel restrictions in the country. In contrast, the operating performance of RWG in 1Q21 was impacted by the strict Coronavirus Disease 2019 (COVID-19) related regulations nationwide, in addition to the temporary closure of RWG for approximately one month during the period. The Group's adjusted EBITDA in 1Q22 was also aided by higher debt recovery.

In the United Kingdom (UK) and Egypt, revenue from the Group's operations recovered to RM395.3 million, nearly ten times of the level recorded in 1Q21. In addition, the Group registered adjusted EBITDA of RM84.7 million as compared to an adjusted LBITDA of RM51.7 million in 1Q21. The increase in revenue and adjusted EBITDA this quarter was mainly due to the impact of a resurgence in COVID-19 cases in the UK on the Group's operations in 1Q21, which resulted in the temporary closure of the Group's resort and land-based businesses. The Group incurred higher payroll and related expenses in 1Q22 as compared to 1Q21, following the resumption of its UK operations since mid-May 2021.

In the United States of America (US) and Bahamas, the Group's leisure and hospitality business grew by 40% to RM357.9 million. The Group also reported higher adjusted EBITDA by 14% to RM78.0 million. These improvements were mainly driven by the strong operating performance registered at Resorts World New York City (RWNYC), as facilities in the New York State continued to operate without mandated COVID-19 restrictions. This contributed to the property registering gross gaming revenue at near pre-pandemic levels in 1Q22. By comparison, RWNYC operated with reduced capacity and under limited operating hours in 1Q21 in compliance with a government directive, which adversely impacted its performance in the quarter.

The Group's associate company in the US, Empire Resorts, Inc. (Empire) recorded similar improvements in its operating performance in 1Q22, with gross gaming revenue at Resorts World Catskills surpassing pre-pandemic levels.
